

London Metropolitan University International Study Centre

London Metropolitan University offers an inclusive and supportive academic community in one of the world's most exciting capital cities. With a strong focus on student success, practical learning and outstanding support services, London Met empowers students from all backgrounds to achieve their goals and build successful futures.

Education that puts students first

London Met is dedicated to transforming lives through education. Recognised nationally for adding value through its teaching, the University focuses on helping students achieve beyond expectations, whatever their starting point. With an inclusive learning environment and a personalised approach to teaching, students are supported academically, professionally and personally throughout their studies.

Learning for real-world success

Courses at London Met are designed with employability in mind, combining academic knowledge with practical experience. Many programmes include work-based learning such as placements, live client projects or on-campus work experience, helping students develop the skills employers are looking for. Strong industry links, specialist facilities and dedicated careers support ensure graduates are well prepared for the workplace or further study.

A supportive place to learn and thrive

London Met puts students at the centre of everything it does. Alongside academic teaching, a wide range of support services is available throughout your studies. These include help with accommodation and funding, wellbeing and mental health support, disability and dyslexia services, and an on-site counselling service.

Specialist learning facilities across the University's campuses support hands-on study, including mock courtrooms, purpose-built art and design studios, professional recording spaces, a £100,000 journalism newsroom and a £30 million Science Centre – one of the largest science teaching labs in Europe. Each campus also has dedicated school offices, providing a first point of contact for academic or personal support.

Our International Study Centre

We are committed to helping you have an unforgettable experience at London Metropolitan University. Our friendly staff at the International Study Centre provide dedicated academic and personal support, and we organise a range of activities to help you settle into life in the UK. You'll also have full access to university facilities, allowing you to feel part of campus life from day one.

The International Study Centre is based in London, close to the University's teaching campuses. Studying in the heart of the capital offers a dynamic, supportive and inspiring environment to begin your academic journey as part of the London Met community.

Small class sizes

You will study a range of subject modules in small, interactive, and supportive classes with a focus on your personal development to help you achieve, succeed, and grow.

University-style teaching

Through every step of your journey with us, you will be supported by highly qualified teachers. You will adapt to university-style teaching whilst building your abilities to study effectively through 20 hours of class teaching per week and regular personal tutorial sessions.

Dedicated support team

Your personal tutor will meet with you regularly to ensure you are on track to pass the programme and progress to your chosen degree, and to help address any issues you might have inside or outside classes.

Access to University facilities from day one

You will have access to the fully-equipped library and online resources, Students' Union and the student support team which will fully immerse you in the on-campus student study experience.

Getting around the UK from London

Your guide to London

As one of the world's most dynamic and diverse cities, London offers an unforgettable student experience. Home to world-class culture, history and innovation, the city provides endless opportunities for learning beyond the classroom.

From globally renowned museums, theatres and galleries to thriving creative industries and financial centres, London is a hub for opportunity. Its vibrant neighbourhoods, excellent transport links and multicultural communities make it an exciting and inspiring place to live and study.

Your route to London Metropolitan University
