Campus university with a difference

The University of East London is one of the only universities in London with a self contained campus, offering a close knit community across its three campuses in London's Docklands and Stratford. This unique campus based environment places students in one of the city's most diverse and fast growing areas, with strong connections to careers, culture and city life.

Studying at UEL offers all the benefits of a bustling cosmopolitan city with the comfort of campus learning.

A careers-led university

UEL puts careers at the heart of every course through its Careers Guarantee, ensuring students develop the skills, experience and confidence needed for employment or further study. From your first week, careers support is built into your degree, with strong employer links and practical opportunities designed to prepare you for life after university.

Global friendship network

Adjusting to university life in a new country can feel daunting, but at UEL, you are never alone. With over 4,000 international students on campus, you will have the chance to connect with peers from every corner of the globe.

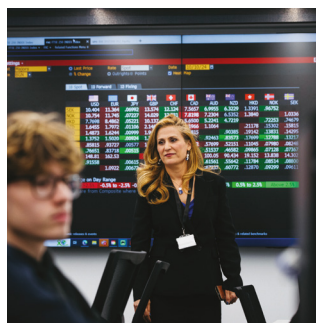

Our International Study Centre

From the moment you step onto the campus, our ISC staff aim to support you and enable you to make the best of your time studying with us.

Small class sizes

You will study a range of subject modules in small interactive and supportive classes.

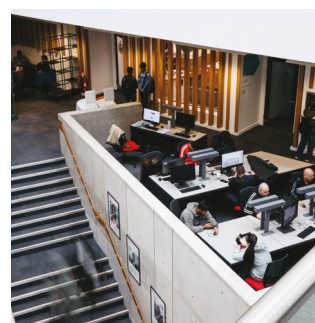

University-style teaching

You will adapt to university-style teaching whilst building your abilities to study effectively through 24 hours of class teaching per week and regular personal tutorial sessions.

Dedicated support team

Your personal tutor will meet with you regularly to ensure you are on track to pass the programme.

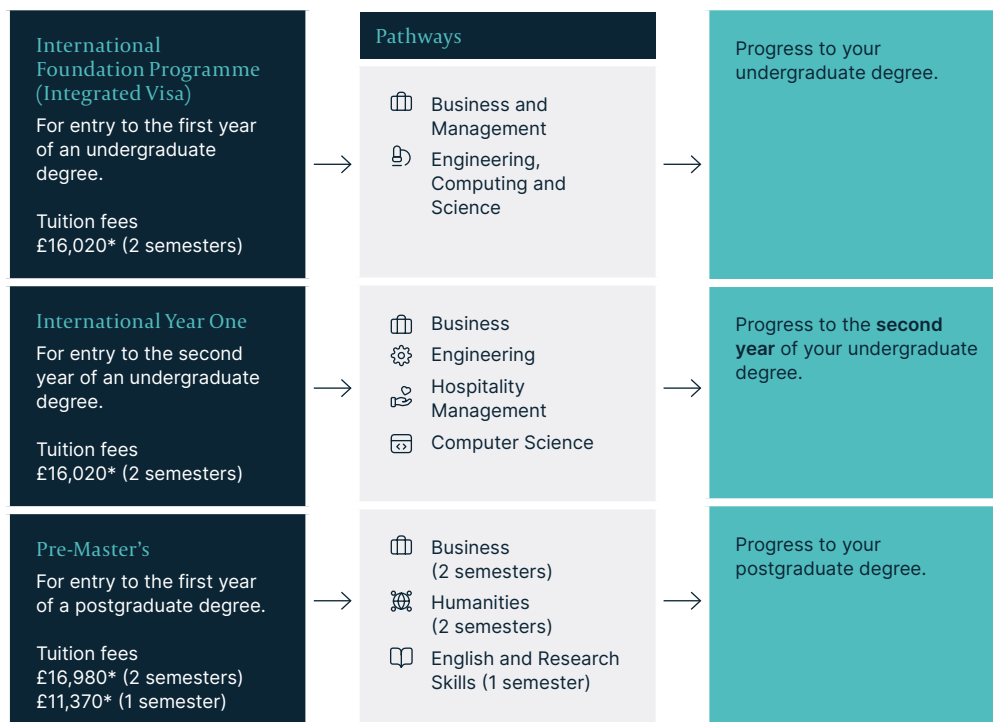

Access to UEL facilities from day one

You will have access to the University of East London's fully equipped library and online resources, student union and the award-winning student support team.

Your route to the University of East London

You can qualify for entry to an undergraduate or postgraduate degree at the University of East London depending on what pathway programme is right for you.

A pathway programme can help you enter your chosen degree by bridging the gap between your current academic and English language qualifications and the knowledge you need for your degree.
